

SOS Approach to Feeding Training Course (5-Day) International Host Overview 2028

Thank you for your interest in Hosting the SOS Approach to Feeding Training Course: **SOS Approach to Feeding: Assessment and Treatment of Pediatric Feeding Challenges.**

The **5-Day Hybrid Training Course** is specifically designed for professionals who are interested in learning the SOS Approach to Feeding program for assessing and treating children with feeding difficulties. The SOS Training Course provides:

- A comprehensive understanding in the theory of the SOS Approach
- An in-depth understanding of how children learn to eat and to not eat
- General and specific feeding treatment strategies
- Details of the assessment of feeding disorders
- How to conduct an SOS Approach to Feeding therapy session.

This Training Course includes didactic materials in a PowerPoint format, along with video review of children's eating difficulties and direct participation of attendees in eating, breathing and posture exercises (example Agenda provided upon request), as well as group practice of the SOS treatment strategies.

In order to help you make the best-informed decision about Hosting an SOS Training Course, we ask that you review the following information in full. These guidelines and requirements are designed to help create an optimal learning experience for the Training Course participants.

Once you have reviewed all of the information provided, please submit the requested information on the SOS Website <https://sosapproachtofeeding.com/host-a-conference/>. Or, you can contact the SOS Training Course Manager at info@sosapproach.com with any additional questions you may have or to follow up on your status.

Thank you so much for your interest in Hosting an SOS Approach to Feeding Training Course. We look forward to the opportunity to partner with you.

Sincerely,
